# Assessment of Organizational Supports for Individualized Service/Support Planning

This tool assesses the organizational support for Individualized Service/Support Planning (ISP) from the perspective of team members. Trillium delivers ISP through the Essential Provider Teams (EPTs). This version of the assessment should be completed by professionals from agencies or organizations outside Trillium who participate on EPT teams (e.g. school personnel, probation officers, child welfare or mental health case workers, etc.).

This assessment is not intended to provide a rating or grade to agencies. Instead, the purpose of the assessment is to provide data that can help agencies clarify their understanding of the conditions that are necessary for local implementation of ISP, the extent to which these conditions are in place, and the priorities for action to improve implementation.

The lead agency, Trillium, is the organization which hires, trains, and supervises team facilitators.

**Partner agencies** refer to all other organizations whose staff participate as team members. This would include your **home agency**.

| Please write the name of your home agency: |  |
|--|--|
|  |  |

For each feature, you are asked to rate two things:

- 1. The extent to which you believe this feature is in place to support *your work*. (Use the columns on the left to rate this on the 7-point scale ranging from 1= "Not at all in place" to 7= "Completely in place.")
- 2. Your rating of whether working to put this feature in place should be a high, medium, or low priority for improvement. (Use the columns on the right to indicate your rating using the 7-point scale from 1= "Not at all important" to 7= "Extremely important.")

Note: If you feel that an item is <u>not applicable</u> to your situation, or that you do not have enough information or knowledge to respond to an item, feel free to <u>leave it blank</u>.

#### **Practice model**

i. Partner agencies support the core values underlying the team-based ISP process. This section asks about the extent to which people from your home agency act in ways that indicate they are committed to the values of ISP. It also asks about whether your home agency believes that ISP is an effective way to meet the needs of children and families. Partner agencies are agencies—other than the lead agency—whose staff participate on ISP teams.

To improve EPT quality,

To improve EPT quality,

#### Collaboration/partnerships

i. Lead and partner agencies collaborate around the plan and the team. Because ISP teams work "between" agencies, they face special challenges. For example, the team plan needs to be respected at each agency. If the team plan does not serve as the case plan for each participating agency, teams need assurance at least that various partner agencies will respect the goals and services/supports as decided by the team, and will not develop separate goals and plans that are inconsistent with or undermine the team plan or ISP values. Additionally, to prevent team members from getting overwhelmed, managers at the lead agency need to work your home agency to reduce and streamline unnecessary or redundant demands on team members.

Your home agency will support an ISP team in working with the child and family toward the goals in the team plan until the team agrees that a formal ISP process is no longer required.  | 1       | 2   | 3                   | 4 | 5 | 6 | 7 |  |  |  |
| 1                                       | 2 | 3 | 4 | 5 | 6 | 7 | 6. A family's ISP team plan serves as a basis for service/support planning in your home agency (i.e. other plans which may be maintained at your agency are the same as—or at least consistent with—the goals and strategies expressed in the ISP plan).    | 1       | 2   | 3                   | 4 | 5 | 6 | 7 |  |  |  |
| 1                                       | 2 | 3 | 4 | 5 | 6 | 7 | 7. Your home agency supports efforts to develop a common format for ISP plans so that the team plan can serve as the case plan within your home agency to the greatest extent possible.   | 1       | 2   | 3                   | 4 | 5 | 6 | 7 |  |  |  |
| 1                                       | 2 | 3 | 4 | 5 | 6 | 7 | 8. Your home agency supports efforts to reduce inefficient or redundant requirements for paperwork and rules (e.g. developing common consent forms, reducing redundant documentation of needs).   | 1       | 2   | 3                   | 4 | 5 | 6 | 7 |  |  |  |
| 1                                       | 2 | 3 | 4 | 5 | 6 | 7 | 9. Your agency supports efforts to develop mechanisms for sharing non-confidential information with EPT team members (e.g. information on all services received by a family, up-to-date information about types of assistance offered by various agencies). | 1       | 2   | 3                   | 4 | 5 | 6 | 7 |  |  |  |

#### Collaboration/partnerships (Continued)

ii. Partner agencies support their workers as team members and empower them to make decisions.

This section ask about whether or not your home agency encourages you to attend team meetings and allows you to <u>make meaningful decisions</u> during the meetings. It also asks about whether your agency encourages staff who participate on ISP teams to be <u>open minded</u> in determining goals, seeking solutions, and finding ways to satisfy mandates.
